Subject: ATP Scan In Progress

We're making sure your attachments are safe......

Pebble FEIS briefing paper -
MR 8-11-2020 - draft.doc
Preview

ATP Dynamic Delivery
Your attachments are currently being scanned by Advanced Threat Protection:

In the meantime, click the available previews of your attachments. The attachments without content preview will be available once the ATP scan is complete by reopening the message. The message will be marked as unread in your message list once scanning is completed.

Once we complete the scan for the message this message will be replaced with either the attachments where the attachment scan verdict is clean, or with an unsafe attachment blocked message.
